Towards the heart of the mountain pastures, in a traditional village of Aravis, only 35km from Annecy

### Heritage Museum (Maison du Patrimoine)

Built in 1830, restored and furnished, you will discover the **daily life of yesteryear** as well as the **specific wooden architectural design** of the 19th century in the Bornes-Aravis region. This site has been protected as **Historic Monuments** since 2007

### Lunch in the pastures

The pasture is at the heart of the village's pastoral life.

The cows spend summer there, producing rich milk used to produce local cheeses such as Reblochon or tomme.

Enjoy a typical savoyard lunch in a peaceful setting !

### Meeting with a Master Artisan Saddler

More than only a profession... a passion, a know-how, and a 100% French manufacturing!

He works **in an artisanal way with old tools** in order to perpetuate the know-how and the heritage of the saddler's trade.

Meet an enthusiastic character in his shop, and see him at work!

### Visit of a dairy Coop

When cheeses are not produced directly on the farm, the milk is sent to a cooperative.
